coast guard	264-4800
federal bureau of investigation	535-7700

*for emergency when unable to reach your own doctor.

or dial "O" [OPERATOR] for assistance. Tell the Operator, "This is an emergency call." Say, "I want to report a fire," or "I want a policeman, etc." Then give the Operator the number of the telephone you are calling from.

warning:

emergency calls on party lines

New York State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

annoyance calls

If you receive a malicious or annoying phone call, hang up. Don't keep talking. That is what the caller wants. If the calls persist, please contact your Telephone Business Office. Our representatives are specially trained to help you. In difficult cases, our Annoyance Call Bureau will work closely with you and police officials to catch offenders.

NEW YORK PENAL LAW MAKES CERTAIN TYPES OF TELEPHONE CALLS A MISDEMEANOR. THE PENALTY CAN BE IMPRISONMENT FOR ONE YEAR AND A $500 FINE.

copyright 1967 by New York Telephone Company. Printed in U.S.A. corrected to January 26, 1967.

for service 24 hours a day:

Service Representative

I'm your service representative at the Business Office. To call me from your own phone, dial 811. If you're calling from another phone, you'll find my number on page 8. For emergency establishment of service after business hours, weekends and holidays, dial 394-1600.

Dial 811

Repairman

I'm your Telephone Repairman. To reach me, just dial 611. We're open around the clock.

Dial 611

Operator

I'm your Telephone Operator. To reach me, just dial "O" [OPERATOR] for assistance. We're on duty 24 hours a day to serve you.

Dial "O" [OPERATOR]

for other calls:

a

how to dial

[see special instructions at coin telephones]

listen for the dial tone, then dial as follows:

station-to-station calls

New York City ____ **local number**
[Brooklyn, Queens, Manhattan, Bronx, Staten Island]

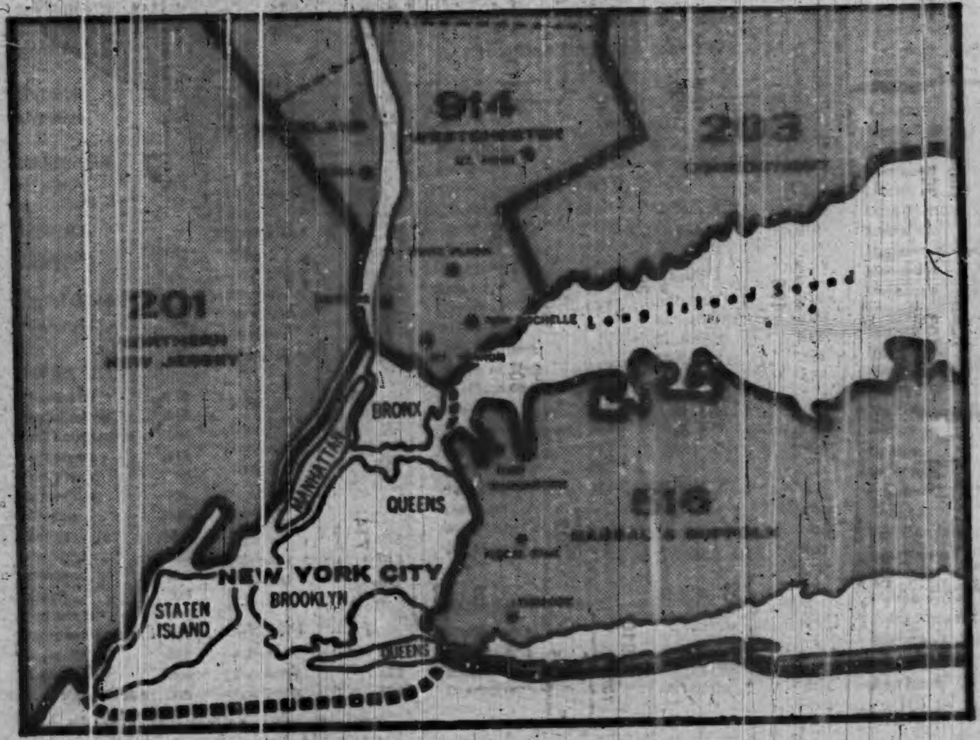
outside New York City ____ **area code + local number**

a local telephone number consists of 7 numerals or 2 letters and 5 numerals.

person-to-person, collect and credit card calls

from telephones equipped for dialing person-to-person, collect and credit card calls dial "O" [OPERATOR], then continue to dial the number as above. [an Operator will answer to help complete your call.]

from all other telephones ____ **dial "O" [OPERATOR]**



The white area of the map shows the 212 Area. Area Codes for some nearby areas are also shown. The 212 code is not used when calling within the 212 area. Area Codes are used when calling from one telephone area to another.

See pages 5-6 for list of Area Codes for many communities across the country. When you ask someone to call you back from another telephone area, please include your area code as part of your telephone number.

1967/1968

area codes speed your calls

The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. The area code for New York City [Manhattan, Bronx, Brooklyn, Queens and Staten Island] is 212. The area code of the telephone you are calling should be dialed, or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. [When placing call with operator, say, for example, "I want Area Code 311 555-3621."]—When you give someone your telephone number, include your area code if he needs it to return your call. A list of area codes for some cities begins on opposite page.

Area codes are used to call from one telephone area to another, but not within the same telephone area.

long distance information — dial the area code for the place you want, plus 555-1212.

To obtain area codes for places not shown, dial 411.

how to dial

types of calls:

station-to-station

Call station-to-station if you wish to talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

person-to-person

Call person-to-person when you wish to talk to a particular person or extension phone. Rates are higher than station-to-station. Charging starts when conversation begins. For dialing instructions, see page 3.

collect

You can call "collect" if the person or firm you are calling agrees to pay the charges. For dialing instructions, see page 3.

conference

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call.

mobile and marine service

You can make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask the "OPERATOR" for the Mobile Service Operator, or the Marine Operator.

overseas calls

(including Alaska and Hawaii)

You can call practically every telephone in the world from your telephone. Tell the "OPERATOR" you wish to place an overseas call and give her the name of the country you are calling.

ringing signal

A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

the busy signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

if you need assistance

or have trouble dialing, please dial "O" [OPERATOR]. Tell her if you heard a high-pitched tone or any recorded announcements. She'll be glad to help.

if you reach a wrong number

—dial "O" [OPERATOR] immediately and tell her what number you were trying to reach so you will not be billed for the call.

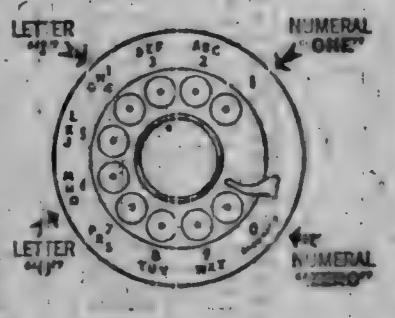
direct inward dialing

Under the system known as Direct Inward Dialing—used at many business and government offices and other organizations—an outside caller merely dials the central office designation followed by the extension he wants. The call will go directly to the extension instead of a switchboard operator.

Customers who have this service will tell you about it so you can dial them more conveniently.

please dial carefully

Please be careful not to confuse the letter "I" with the numeral "one," or the letter "O" with the numeral "zero" when dialing.



1967/1968

business with the telephone company

Your account is handled by a representative at the Business Office who will arrange for new or additional telephone service, a move or disconnection of service, and listings in the directory. She will answer questions about your bill or payments, and about other telephone matters.

Business Office hours are from 9 a.m. to 5 p.m. Monday through Friday. The offices are closed Saturdays, Sundays and holidays. For emergency establishment of service after business office hours, dial 394-1600.

for transactions involving Yellow Pages directory service, dial 394-8161.

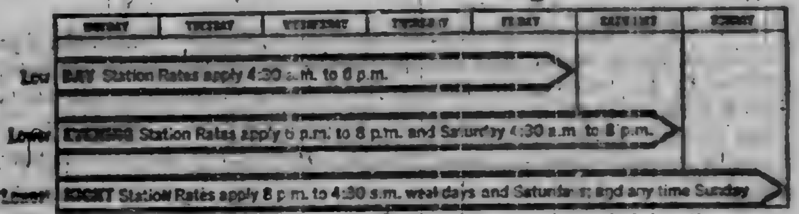
charges for calls

long distance rates



DAY Station Rates apply 4:30 a.m. to 6 p.m.

EVENING Station Rates apply 6 p.m. to 8 p.m. and Saturday 4:30 a.m. to 8 p.m.

NIGHT Station Rates apply 8 p.m. to 4:30 a.m. weekdays and Saturday; and any time Sunday

Lowest person-to-person rates are in effect Mon.-Sat., 6:00 p.m. to 4:30 a.m. and any time on Sunday.

For three holidays, Thanksgiving, Christmas, New Years Day, lower EVENING rates are in effect until 8 P.M. for station-to-station calls. After 8 P.M. lowest NIGHT Station Rates apply. On person-to-person calls lowest rates apply anytime on these three holidays. For all other holidays, the rates in effect are those for that day of the week.

The typical rates below are for the first three minutes and do not include the Federal Excise Tax or any applicable state or local sales taxes. The time at the calling point governs the application of these rates.

	station			person	
	day	evening	night	day	night
Calif., Los Angeles	2.00	1.50	1.00	3.50	3.00
Colo., Denver	1.70	1.20	.90	2.85	2.45

Wash., Seattle	2.00	1.50	1.00	3.50	3.00
Wisc., Milwaukee	1.40	1.00	.70	2.20	1.90

There is no difference between evening and night rates on station-to-station interstate calls less than 221 miles, or calls within New York State less than 71 miles.

overseas rates

Station-to-station service is available to certain overseas points. Reduced rates to many countries apply during certain night hours and/or Sundays. For details, dial "O" [OPERATOR] and ask for the Overseas Operator.

Some typical weekday person-to-person rates for the first 3 minutes (excluding Federal Excise Tax)—Alaska: Anchorage, Fairbanks, Nome $10.50, Juneau $9.00—Hawaii $10.50—Bermuda $6.00—Panama $9.00—Puerto Rico, Virgin Islands $9.00—Europe, South America, Asia $12.00.

1967/1968

message unit charges

New York City's five boroughs and Nassau County, Amityville, Cold Spring Harbor, Farmingdale and southern Westchester County make up the Message Unit Calling Area, which is shown on the map on page 15. When calling from New York City, please remember to dial area code 516 on calls to Nassau County and 914 on calls to Westchester County.

Charges for calls to points in the Message Unit Calling Area are recorded as message units. Your bill shows the number of message units allowed monthly. Those in addition to the number allowed monthly are five cents each.

The number of message units is not necessarily the same as the number of calls. The units charged depend on the distance called and the length of the conversation.

Example: if your telephone number starts with 277 or AP 7 and you talk for 10 minutes to someone whose telephone number starts with 231 or AD 1, the charge for this call would be:

initial period (5 minutes) 2 message units
overtime period (5 minutes) 2 message units
total period (10 minutes) 4 message units

If you are at a coin telephone...

Calls from coin telephones are five cents for each message unit, with a minimum charge of 10 cents a call. Overtime rates may also apply.

The use of area codes does not affect the charges for calls.

---

how to find your message unit charges

Message unit charges for calls from Brooklyn telephones are on pages 13 and 14. The table below shows the page on which your charges appear. If your telephone number begins with the central office code 277 or AP 7, for example, you'd look on page 13.

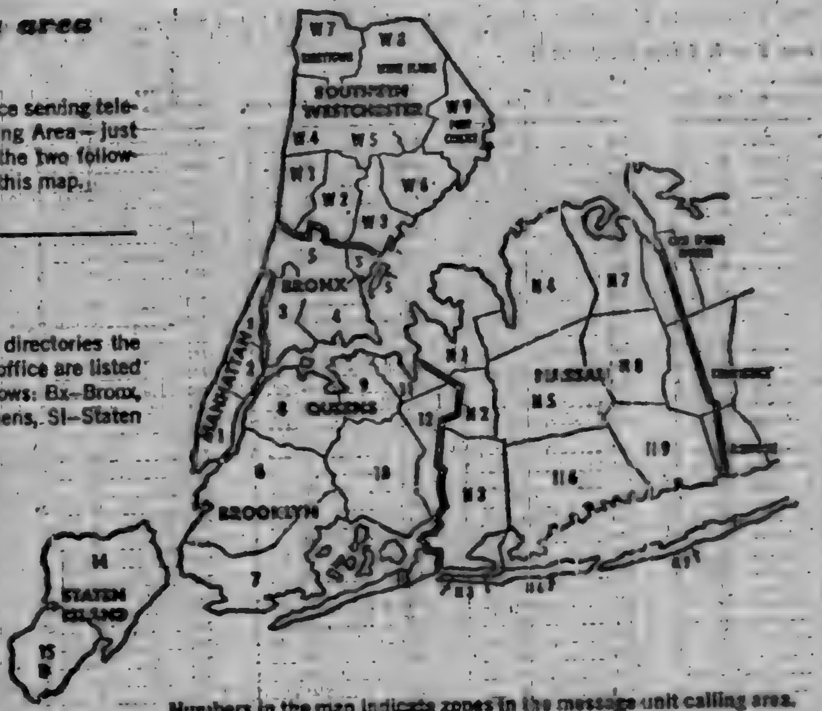
message unit calling area

central office locations

To find the location of a central office serving telephones in the Message Unit Calling Area—just match the zone listed below or on the two following pages with the zones shown on this map.

how to find what New York City directory a number is in

The list starting below shows what directories the telephone numbers in each central office are listed in. Directories are indicated as follows: Bx—Bronx, B—Brooklyn, M—Manhattan, Q—Queens, SI—Staten Island.



Numbers in the map indicate zones in the message unit calling area.

New York City

C general information

decorator telephones

New York Telephone furnishes all equipment necessary to provide quality telephone service. This includes Custom Telephone Units (assemblies of electrical and mechanical telephone inner parts) which the Company will install in subscriber-owned decorator-type telephone enclosures.

We will make every effort to modify decorator-type telephones to work effectively with our equipment.

The one-time charge for installing a Custom Telephone Unit within a decorator-type telephone enclosure that has met our design specifications is $10, plus tax. In addition, the standard connection and monthly service charges apply. Telephone enclosures meeting design specifications will be assigned a registration number containing the prefix, "BTL." This number will appear on the base of the manufacturers' enclosures.

If your enclosure is not readily adaptable to our Custom Telephone Unit, we will try to make the necessary modifications, at cost, to meet your request. Sets already equipped with inner parts can also, in most cases, be modified at cost to work with our equipment.

For additional information, or to arrange such an installation, just call your Business Office Representative. She will be glad to assist you.

unauthorized telephone equipment

The connection to the Company's lines of other equipment that is not provided by the Company is not permitted—except as noted above and as provided in the Company's filed tariffs. This regulation, which has been in the tariffs on file with the Regulatory Commission for many years, is in the interest of good telephone service and is designed to prevent hazards to customers and to Company employees.

Telephone sets not modified by the Company and wall jacks, plugs, extension cords, etc. not provided by the Company are not permitted and must be removed since such use violates this regulation.

A customer's service is subject to suspension or termination when unauthorized equipment is used in violation of these tariffs. This regulation is binding on both the Company and the customer.

your telephone number is important

When your telephone number is preceded by your area code, it is the only one like it in the United States or Canada. When leaving your telephone number for someone else to call you be sure to include the area code, if the caller will be calling from a different telephone area than your own.

If you're a businessman it's smart to make it easy for your customers to reach you. Show your telephone number on your stationery, statements and all advertising pieces. Show your area code too—it helps distant parties call you faster.

when you hear a "beep" tone

A short "beep" tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without a recorder-connector containing a tone-warning device is contrary to the Company's tariffs and not permitted.

out-of-town directories

Out-of-town telephone directories covering most places in the U.S. and Canada can be consulted at the New York Public Library, 5th Ave. and 42nd St., Manhattan; Queensborough Public Library, 89-11 Merrick Blvd., Jamaica, Queens; and the Brooklyn Public Library, 280 Fulton St., Brooklyn. Some books are also available at rail, bus and air terminals and Telephone Company Business Offices.

employee identification cards

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" please ask to see his card. Directory deliverymen also have suitable identification to show on request.

telegrams by telephone

You may telephone telegrams, cablegrams or radiograms from your home or business telephone to The Western Union Telegraph Company following the instructions shown under the listing of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones by dialing "O" [OPERATOR] and asking for "Western Union," paying as you would for a telephone call.

personal directory

A "personal directory" providing a handy place for your list of frequently called numbers can be obtained free from your Business Office.

Picturephone* service

Picturephone service lets you see the person you are talking to—and he sees you!

A new dimension in telephone service, Picturephone can be used for a "visit" with friends and relatives who are far away. The service is also proving to be a valuable aid for business firms. Conferences and sales demonstrations can be conducted easily via Picturephone, resulting in a considerable savings in travel costs.

Picturephone is also providing benefits for older people, or those handicapped and unable to travel. One of its most significant uses has been for deaf people, who now have a means of communicating over long distances.

The Bell System operates Picturephone Centers in Grand Central Station, New York; Prudential Insurance Building, Chicago; and in the National Geographic Building in Washington, D.C.

To arrange for an appointment, please call 394-0740. The center is open from 9 A.M. to 7 P.M., Monday through Friday.

*Service Mark of AT&T Co.
